- \$5.1 million is encumbered.
- \$5.8 million is available for use.
- Projected revenue is \$7.8 million; projected expenses are at \$7.4 million.
- Projected roll over for next Fiscal Year is \$11million.
- Currently there is just over \$500,000.00 in training funds. This funding will not be replenished once depleted.

VI. **ACTION ITEM - FUNDING REQUEST: Courthouse Security**

Judge Canning was present as the voting proxy and available for questions on this action item.

Sheriff Honsal provided some historical context on courthouse security screening. HCSO and the Courts have been in negotiations on this topic since July 2025. Neither HCSO nor the Superior Court have received additional funding for courthouse security screening since the Trial Court funding ended. This funding request is for stop gap funding until a more permanent solution can be implemented into the budget. Recent developments show that Glenn County has appealed to the judicial council and state controller, resulting in additional funding for their courthouse security screening. HCSO and the Superior Court will also be appealing to seek this funding.

The CAO and HCSO are in support of this funding request.

Chief Sanders stated that if this cost were to be long-term it would cause the amount of expenditures to exceed revenue coming in.

Per Sheriff Honsal, if long term funding cannot be obtained, there may be an alternative solution of moving courthouse security screening to the second floor to only service those attending court.

HCSO will continue to pay their 17% contribution to courthouse security screening out of their budget. This funding request, brought forth by the Court is to make up their 83% of funding.

Chief Sligh stated that the current security provides watchful assistance to Sheriff Office staff in reporting incidents that occur at the Courthouse.

Public Defender Brownfield motioned to approve this funding request.

Chief Sligh seconded the motion.

A vote was taken, and the motion passed unanimously.

VII. **ACTION ITEM - FUNDING REQUEST: Behavioral Health Services Through**

Wellpath

Captain Duane Christian presented this action item. A breakdown was provided of current funding costs and sources.

A discussion took place regarding the role of remaining DHHS staff.

This funding request seeks to approve the amount of \$145,928.00 and adopt the current staffing structure in the proposed item with the exception of renaming the current .26 admin analyst to Senior Program Manager. DHHS staffing allocations previously approved but not included in this proposal would be deallocated.

Public Defender Brownfield motioned in support of this request.

Sheriff Honsal seconded the motion.

The motion was carried unanimously and will be sent to County Council for review.
