Owner: _____

APN: _____ Application #: _____

In this case, a foundation only permit will be issued if all of the following conditions are met:

1. All necessary approvals have been returned to the Building Division.
2. All requirements pertaining to the soils and foundation system have been met.
3. Building Plans require no major structural corrections and all structural corrections pertaining to the foundation system have been corrected and approved.
4. No work is to be done on the building and/or structure until the remaining permit is obtained. (Application # _____)
5. An additional fee of \$242.00 will be charged to complete a compliance inspection to verify conformance with item #4 above before the remaining permit is issued.

NOTE: The compliance inspection must be requested two days prior to the issuance of the remaining permit. If any work is started on the building and/or structure before the remaining permit is issued, the permit fee will be tripled.

This permit is issued to the undersigned owner or owner's agent with the understanding that said owner assumes all responsibility for the construction of the foundation and that the plans are neither checked nor approved as to the construction or as to the loads presumed to be carried on the same or as to the superstructure to be erected thereon. Before the foundation is used or a permit issued for the construction of any structure on the foundation, the same must be made to conform in every manner with the then existing ordinance or law governing the construction of foundations for buildings.

This plan is neither checked nor approved for loads of the superstructure.
