

MCKINLEYVILLE

Tsunami Hazard Map

This map shows the tsunami hazard zones in and around McKinleyville. Areas shaded yellow are at risk of flooding during a tsunami, including Clam Beach, Mad River Beach, and low-lying areas along the Mad River. Areas shaded green are outside the tsunami hazard zone and considered safe, including most of central and eastern McKinleyville, residential neighborhoods along Central Avenue and Murray Rd., and inland areas east of Highway 101. No schools are in the hazard zone. If you are in a yellow hazard zone during a tsunami warning, move east on foot toward higher ground and into the green safe areas.
