

## Info Sheet Series

---

### Info sheets from Social Services

The audience for these one page info sheets is DHHS staff, partners and assisters who need plain, clear, introductory language and information to talk with customers, clients, patients and community members.

- Info sheets are not meant to give detailed information. No regulations are referenced.
- Info sheets are not written with the direct customer or client as the audience. Info sheets may be given to customers by staff or assisters for reference.
- Info sheets are intended to be a beginner's base on which to build additional knowledge.
