Humboldt County General Plan Update
HUMBOLDT 21st Century

Note:
Land use and ownership are shown only for the watershed planning area in Humboldt County. Land use colors shown in legend do not exactly match colors on the map due to a transparency setting enabling display of terrain shading. Roads, places, and public lands are shown for Humboldt County only.

Data Sources:
Parcels, existing land use, and public lands are based on HCCDS digitized GIS parcel dataset and Land Information System (LIS) database, 2002.
Hydrography based on CDF's Fire Resource Assessment Project (FRAP) streams dataset downloaded from <http://frap.cdf.ca.gov/data/frapgisdata/select.asp>
Watershed Boundaries are based on CDF's Calwater dataset also obtained from FRAP.
Terrain relief is based on 10 Meter Digital Elevation Models from FRAP.
