

**HUMBOLDT COUNTY  
SHERIFF'S DEPARTMENT  
ANIMAL CONTROL DIVISION**

**Dog License Advisory Form**

Congratulations on your new addition to your family!

California State Health and Safety Code 121690(a) and Humboldt County Ordinance 541-32 (a)(b) mandate that by the age of four (4) months, your dog(s) must be **LICENSED as well as vaccinated against rabies.**

At the time of adoption you will be given a License Information Form detailing the fees and process to license your dog. You must obtain a rabies vaccination for the dog and license it within 30 days of the date of adoption. If payment is not received timely and/or we do not hear from you, penalties may be added in the amount of \$15.00 per license; your account may also be sent to Humboldt County Revenue and Recovery for collection.
