

Radio Policy

512.1 PURPOSE AND SCOPE

This policy is to promote consistent and professional use of law enforcement radio channels by trained members of the Probation Department.

Officers are authorized to use law enforcement radios in the course of their work for the Probation Department. The purpose of the Radio Policy is to provide instructions and regulations for the use of the probation radio in order to promote and maintain a uniform and efficient communication system. All officers shall limit their use of the law enforcement radio to messages that pertain to the conducting of official law enforcement business.

Officers who use the Humboldt County Sheriff's Office frequencies are to first complete training in correct radio procedures and shall complete the Probation Department radio training and updates as scheduled.
