

Jacobs Avenue Levee Informational Meeting Flyer and Photos and Jacobs Avenue Levee Survey

Jacobs Avenue Levee INFORMATIONAL MEETING

A one-hour meeting and open house to learn about flood hazards associated with the Jacobs Avenue levee and provide input on improving preparedness for a major flood event.

**Thursday May 30th
5:30 p.m. - 6:30 p.m.**

**All Points Signs
3408 Jacobs Avenue**

5:30 - 6 p.m. — Presentation by County and City staff
6 - 6:30 p.m. — Open house (informal discussions,
review maps, fill out surveys)

**Pizza
Served**

Connection to Jacobs Avenue (check all that apply)	<input type="checkbox"/> Property Owner <input type="checkbox"/> Resident <input type="checkbox"/> Business Owner

1. How concerned are you about flood hazards associated with the levee in the Jacobs Avenue area?	<input type="checkbox"/> Not concerned <input type="checkbox"/> Somewhat concerned <input type="checkbox"/> Moderately concerned <input type="checkbox"/> Very concerned <input type="checkbox"/> Extremely concerned
2. Do you feel like you have sufficient information regarding flood risks?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not sure Comment:
3. When the water level in the Bay has been high, have you had concerns about the ability of the levee to protect the Jacobs Avenue area?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not sure If yes, please explain:
4. Were you aware that there is no single entity responsible for maintaining the Jacobs Avenue levee?	<input type="checkbox"/> Yes <input type="checkbox"/> No Comment:
5. Do you have any specific questions related to flood hazards?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not sure If yes, please share:
6. Are you interested in attending a follow-up meeting in August regarding the levee?	<input type="checkbox"/> Yes, my contact information is above <input type="checkbox"/> Maybe <input type="checkbox"/> No thank you
7. Are you interested in becoming involved in planning for flood preparedness and levee management?	<input type="checkbox"/> Yes, my contact information is above <input type="checkbox"/> Maybe <input type="checkbox"/> No thank you

Workshop Agenda

Sea Level Rise Adaptation Plan for Eureka Slough Hydrographic Area, Humboldt Bay

March 12, 2020 1:00 pm – 4:00 pm

I. Planning Framework 1:00-1:45 pm

<ul style="list-style-type: none"> Study area, funding 	County (45 min)
<ul style="list-style-type: none"> Guiding questions, project objectives, primary tasks 	
<ul style="list-style-type: none"> Vision statement, guiding principles 	
<ul style="list-style-type: none"> Key assumptions 	
<ul style="list-style-type: none"> Conceptual model for dynamic landscape evolution and flood risk change 	
Opportunities for feedback: <ol style="list-style-type: none"> Comments on vision statement, guiding principles, key assumptions. Comments on conceptual model. 	

II. Vulnerability Assessment 1:45-3:15 pm

<ul style="list-style-type: none"> Hydraulic Analysis and Geomorphic Response 	GHD & NHE (35 min)
BREAK (10 min)	
<ul style="list-style-type: none"> Scenario-based planning: hazard scenarios 	County (45 min)
Opportunities for feedback: <ol style="list-style-type: none"> Is the hazard scenario framework understandable and helpful? What questions are prompted? Based on the preliminary hazard scenarios, what adaptation concepts come to mind? Would you support using this framework in the future? 	

III. Adaptation 3:15-3:45 pm

<ul style="list-style-type: none"> Scope of Work 	County (30 min)
<ul style="list-style-type: none"> Related Projects <ul style="list-style-type: none"> Humboldt Bay Trail South Natural Shoreline Infrastructure Feasibility Study 	
<ul style="list-style-type: none"> Preliminary list of potential project concepts 	
Opportunities for feedback: <ol style="list-style-type: none"> Additions to list of potential project concepts 	

IV. Key Conclusions and Next Steps 3:45-4:00 pm

Workshop Agenda

March 17, 2021 (1-3pm)

- 1. Planning framework (20 min)**
- 2. Vulnerability assessment (30 min)**
- 3. Adaptation projects (30 min)**
- 4. Key take-aways and strategies (10 min)**
- 5. Discussion (30 min)**

Topic: Humboldt Bay/Eureka Slough Sea Level Rise Adaptation Plan Workshop

Time: Mar 17, 2021 01:00 PM Pacific Time (US and Canada)
